CAPPER SAYS NO REMEDY LIKE JAIL FOR PROFITEERS

KANSAS SENATOR GIVES UNIT-
ED PRESS HIS VIEWS AS TO
HOW TO CUT PRICE OF LIV-
ING AND RESTORE PRE-WAR
CONDITIONS IN AMERICA.

WASHINGTON, Dec. 20—Senator
Arthur Capper, of Kansas, who de-
clared war on "black flag profiteers"
in a recent speech on the senate floor,
has outlined for the United Press the
remedies which he believes should be
applied to the high price evil. His
proposed solution of the problem fol-
lows:

(By Senator Arthur Capper.)
(Written for the United Press.)
Nothing would do as much to stop
profiteering as to jail the robbers who
have made fortunes the past year or
two by gouging the public on food-
stuffs, fuel and other necessities of
life. About 12,000 brand new mil-
lionsaires have been created in this
country during the war and in the
year just drawing to a close. It is
no trouble to find profiteers of the
rank and the class in that crowd. I
think we now have all the laws nec-
essary to convict. The history of
all the government's anti-trust pro-
secutions in 25 years does not show
a single individual ever served a jail
sentence for a violation. The country
would like to see that record broken
and there was never a better time
to get action than right now.

Until this orgy of high prices is
stopped there should be a limitation
on profits, not price-fixing, but the
government should see that the busi-
ness concern makes public the cost
of its goods and that it does not take
more than a fair profit, as is being
done in Canada.

It would help some if we could end
the gambling in foodstuffs on the
big exchanges of New York, Chicago
and other cities.

The gambler has no place in hu-
man society. It will take new leg-
islation to do that. I am for it. The
gang of stock jobbers and prom-
oters who have in the last year un-
loaded millions of worthless stocks
on the gullible public should be put
out of business. All issues of rail-
road and other securities should have
government approval. That will re-
quire a federal blue sky law, and this
congress should not hesitate a mo-
ment in enacting such legislation.

WASHINGTON, Dec. 20—There
will be no Christmas tree at the
White House this year, it was decid-
ed by the members of President Wil-
son's family, in obedience to the in-
sistence of Dr. Grayson that the
President must have absolute rest and
quiet.

WASHINGTON, Dec. 20—Premier Clem-
enceau of France, has decided defi-
nitely to retire from the premiership
within two months, it was reported
authoritatively today. From sources
close to the Tiger it was learned that
during a recent conference in London
statements were made that the
French Premier virtually has decided
to accept the Presidency.
